## FILIPINO TIES ~ Pre-Registration

We have continually been amazed at the advanced planning families are giving to this amazing journey. In recent years, Ties Programs have filled to capacity quickly. So, at the suggestion of families, we have implemented a pre-registration option, allowing you to pre-register for the year you think your family will likely travel so that you know you are set.

The Ties Program is the longest standing and most comprehensive adoptive family homeland journey organization in the United States. We are committed to providing extensive preparation, meaningful (and fun!) programming, and resources for post-travel processing and assistance. We have built a solid reputation among families traveling to visit their children's homeland. We look forward to assisting your family with this wonderful, life changing, positive experience.

If you would like to participate in an upcoming year, and be assured we will hold space for you, please complete and return this form to the address below, along with a \$10 per person pre-registration fee.
